STORMTECH®

NURTURED BY NATURE.

ABOUT STORMTECH

Born in the rugged west coast rainforests of British Columbia, Canada, STORMTECH's designs are inspired through the lessons learned from the rain, snow, and sun. We pay painstaking attention to mother nature's varying moods in order to develop the very best in technical outerwear. With design excellence and functionality that blends exclusive technologies, such as H2XTREME®, we build hard-wearing garments that provide maximum protection and comfort so you can get out there and explore with confidence.

Stormtech jackets are built for tough environments (like oil & gas production fields), offering waterproof, windproof, and breathable protection. With rugged durability and ergonomic design, they keep workers dry, comfortable, and focused even in harsh conditions.
